SPECIALE TAKE AWAY

LEONE dal 1945 a oggi

La nostra avventura inizia a Lugo di Romagna nel dopoguerra. Sono anni difficili dove poco o nulla è rimasto, il fondatore Luigi Tampieri insieme alla sua famiglia si rimbecca le maniche e fonda la Tampieri s.n.c. dove si producono stuzzicadenti ricavati dalla penna delle oche.

Nel 1970 Luigi lascia il posto al figlio Pietro, il nome della nostra azienda diventa Leone s.n.c. Realizziamo le prime macchine automatiche per l'imbustamento degli stuzzicadenti e cominciamo a spedire le prime cartoline per corrispondenza ai ristoranti d'Italia.

Negli anni 80 creiamo i primi decori per la gelateria e la cartolina diventa un vero e proprio catalogo.

L'azienda attraverso idee innovative e sinergie con i clienti, cresce, diventando un punto di riferimento per il proprio settore.

Sono gli anni 2000 che trasformano l'azienda in laboratorio di idee e sperimentazione spaziando nel mondo dell'horeca a 360 gradi.

Curiosità intellettuali e scelte imprenditoriali coraggiose ci hanno portato a guardare il futuro con entusiasmo e non attraverso formule economiche o percentuali. L'innovazione, la sperimentazione, la comunicazione sono il cardine su cui si muove tutto il nostro lavoro.

Mettiamo sempre in primo piano l'uomo e la sua dignità, perché coniugare gli obiettivi aziendali con le esigenze umane è il segreto della nostra impresa, ciò implica una forte responsabilità nei confronti della comunità e del pianeta.

Oggi come 76 anni fa amiamo quello che facciamo e continuiamo a farlo con passione.

Il nome della nostra azienda deriva da una piccola insegna sulla porta dove, un Leone con uno stuzzicadenti nella zampa, diceva "Adesso me li curo io", da lì, tutti cominciarono a chiamarli "gli stuzzicadenti del leone".

LEONE from 1945 till nowadays

Our business started in Lugo di Romagna during the second postwar period. These were very difficult years with very little resources and the founder, Mr. Luigi Tampieri with his family worked very hard to create Tampieri snc, that produced toothpicks from the goose feathers.

In 1970 Mr. Luigi Tampieri was replaced by his son Pietro and the company name changed to Leone snc.

We realized the first personalized packaging automatic machines and we started to send the marketing cards to all the restaurants in Italy.

In the 80's we designed the first decorations for ice cream parlours and the marketing card became the first real catalogue.

The company, thanks to the original ideas and the synergy with his customers, developed and became a benchmark for this sector.

During the 2000's the company turned to a real laboratory of ideas and tests which involved all the HoReCa product.

Our curiosity and courageous choices make us look at the future with enthusiasm; our work is principally based on innovation through research, love for environment and transparent communication.

The ethic of the company is to care for each worker and his dignity, meeting the company targets and the human resource management. A strong responsibility that reflected in the community around us and the world. Today, as 76 years ago, we love our work and we do it with passion.

A small sign on the company door, made by a good family friend, that shown a great Lion with a toothpick in his paw said "Now I take care of them!" From that moment in town, everybody called them "The Lion's toothpicks".

Melamina

I prodotti Leone sono in 100% pura melamina e vengono controllati e certificati per l'idoneità al contatto alimentare. Questo materiale è una resina termoindurente utilizzata anche per la realizzazione di stoviglie e accessori per la tavola. Somigliante alla porcellana nell'aspetto, è leggera e resistente e ben apprezzata dai professionisti di settore per la sua praticità e per il design innovativo. Di facile pulizia e lavabile in lavastoviglie, sopporta temperature che arrivano fino a 70°C, può essere riposta in frigorifero e in freezer e non assorbe gli odori.

Melamine

The Leone products are made with 100% pure melamine and are verified and certificated for food contact eligibility. This material is a thermosetting resin and it is also used for creating kitchen utensils and tableware. It is very similar to porcelain; it is resistant and liked among professionals for its functionality and innovative design. Easy to clean and dishwasher safe, it can bear temperatures up to 70°C, it can be placed in the fridge or freezer and does not absorb odours.

Cestino di Carta lavabile sia a mano che in lavatrice a 40°. Per un perfetto risvoltino: immergere in acqua fredda e lasciare ammorbidire, poi ripiegare il bordo all'altezza desiderata. Lasciare asciugare. Avvertenze: Non ungere, tenere lontano da fonti di calore.

Paper Basket. Hand or machine washable at 40°. Instructions for a perfect turn up: Dip it in cold water. Once softened, fold the edge to the desired height. Allow to dry. Warnings: Do not get grease on, keep away from heat source.

"Goccia dopo Goccia" (drop by drop)

Qualcuno ci ha descritto come "una pioggerellina di primavera", che non fa danni, ma con le sue goccioline porta la vita, dà sollievo alla terra arsa dal sole e dà ancora speranza alle piante che avevano sete. Così vorremo fare noi: ridare speranza, gioia e voglia di vivere a tante persone in difficoltà che si trovano in zone svantaggiate del pianeta, come quelle al confine tra Myanmar e Thailandia per esempio, che ancora oggi accoglie centinaia di migliaia di persone che fuggono in condizioni disperate, e poi gli abbandonati, gli "ultimi" nascosti nei tuguri delle grandi metropoli asiatiche: quella gente è la nostra gente. Certo, "i bambini di strada" di Saigon, rappresentano per noi un impegno costante, come anche gli anziani, i disabili e coloro che non hanno più nulla e nessuno al mondo. 'Goccia dopo Goccia' vorrebbe essere sempre accanto a loro.

Queste persone sono lo scopo della nostra vita e vorremmo potervi far vedere gli occhi di quella anziana di Saigon che raccoglieva la spazzatura in strada, a cui abbiamo donato il corrispettivo di un'intera giornata di lavoro: erano occhi pieni di sorpresa, gratitudine ma soprattutto belli perché avevano ritrovato la gioia di vivere e la speranza, non li dimenticheremo mai, anzi, vorremo vederli sul volto di ogni persona a cui ci avviciniamo.

Un immenso grazie a tutti voi a nome della "nostra gente" che da oggi diventerà anche la vostra gente.

Someone described us as a "spring drizzle" that doesn't do any harm, but at the same time with its small little drops it creates life; it eases the soil burned up by the sun and it gives hope to those plants who are in need of water. This is exactly what we would like to do: give hope, joy and zest for life to those people who are struggling and find themselves in disadvantaged countries, such as the ones on the borders between Myanmar and Thailand. These countries still welcome hundreds of thousands of people who run away from very hard conditions and the abandoned ones, those who "don't matter" who live in the shacks of big Asian cities. They also welcome the "street children" of Saigon, the elders, the physically and mentally challenged and those who have nothing and no one else in the world. This is our people. "Goccia dopo Goccia" would like to stand by them because these people are our job and daily life purpose. We would like to show you the eyes of the elderly woman who was collecting trash from the streets in Saigon and to whom we donated the equivalent of a one day workpay: her eyes were full of surprise, gratitude and were most of all, magnificent because they found the hope and the joy to live again. We will never forget those eyes and we would like to see them on the face of every person we meet. A big and warm thank you to all of you from "our people" who, starting from today, will become "your people".
